FIRST AID AT WORK

3 DAYS TRAINING & CERTIFICATION PROGRAM

QUALIFICATION OVERVIEW

The objective of this qualification is to support learners in becoming first aiders in the workplace. The content of the qualification meets the HSE requirements for training first aiders in those organisations that have identified that staff need to be trained to this level within their first-aid needs assessment.

The qualification covers knowledge such as the roles and responsibilities of the first aider, how to assess an incident & recognising signs and symptoms of injury and illness. The qualification also covers first aid skills in CPR and use of an AED and assisting a casualty who is suffering from major injury and illness such as chest injuries, spinal injuries and anaphylaxis.

GUIDANCE ON ASSESSMENT

Highfield has created assessment paperwork for each component of the assessment, which are each graded pass/fail:

1. PRACTICAL OBSERVATION:

The practical assessment is completed throughout the course delivery. This ongoing assessment requires learners to demonstrate practical first aid skills. The practical assessment will be recorded using the practical matrix within the Assessment Pack.

2. CENTRE-MARKED MULTIPLE-CHOICE THEORY ASSESSMENT:

Learners are required to answer a series of questions contained within theory question papers, available to download from the members' area of the website. Oral questioning may be used. In this case, the assessor should document the responses within the assessment pack.

Learners must achieve a pass in each element to pass the qualification.
