GREEN BELT CERTIFICATION

Green Belt Certificate Overview

Role of a Six Sigma Green Belt

Green Belts play a significant role within a Six Sigma infrastructure and culture. Their primary roles are critical in many ways:

1. Deploying their organization's Six Sigma program
2. Leading and executing process-level improvement projects as part of their overall job
3. Participating as a team member and partner in Black Belt projects
4. Helping to direct and collect data and conduct experiments for improvement projects
5. Working with process owners to ensure project gains are held
6. Facilitating the sharing of best practices throughout the corporation

The IASSC Certification Difference

Experience distinguishes the IASSC Six Sigma training program from the rest. IASSC Six Sigma Master Black Belt instructors are world class and know how a Six Sigma program can increase & maximize your business performance. IASSC Six Sigma instructors average nearly 30 years of experience in business performance excellence, quality and Six Sigma.
